

## HORS D'OEUVRES

We offer snacks and finger-foods for variety of different size groups. The “family-style” group below would be perfect for a small group, preferably sitting around a table (as plates and forks are needed). These dishes are enough for a light snack for 3 people.

The category on the right is for cocktail party events, where a guest can stand or mingle while still having something to snack on. Platters are based on group size and priced by the number of hors d'oeuvres per person.
